**FCC Comment on Proceeding 17-108**

The move to rollback Net Neutrality protections will give corporations and telecom companies the ability to control content and the speed of web traffic — stifling competition and creativity and dramatically affecting the way we use the Internet.

This is a bad move for progress, innovation, freedom, and the economy

Sincerely,

A handwritten signature in black ink, appearing to read "Rick Ray", with a stylized flourish at the end.

Richard A. Ray
